

**BioGreen UltraGard Full Synthetic DFI NMMA TC-W3
Two Stroke Engine Oil**

BioGreen UltraGard Full Synthetic DFI NMMA TC-W3 Two Stroke Engine Oil has been specifically formulated to meet the requirements for direct fuel injection (DFI) outboard two stroke engines as set forth by the most current National Marine Manufacturers Association (NMMA) TC-W3 service classification.

This synthetic two stroke engine oil provides excellent lubrication and wear protection for the most modern two stroke engines of today. **BioGreen UltraGard Full Synthetic DFI NMMA TC-W3 Two Stroke Engine Oil** employs the use of full synthetic base oil. Synthetic oils perform better under severe service conditions such as extremes in operating temperatures and heavily loaded systems than comparable conventional mineral based oils.

In accordance with continuing environmental concerns, this product utilizes an ashless formulation with high quality components that makes the exhaust from this two stroke nearly smokeless.

This two stroke engine oil is dyed red for easy recognition.

Typical Properties:

BioGreen UltraGard Full Synthetic DFI NMMA TC-W3 Two Stroke Engine Oil	
Product Code	902561026
Kinematic Viscosity @ 100 °C cSt (ASTM D-445)	6.2
Kinematic Viscosity @ 40 °C cSt (ASTM D-445)	31.4
Viscosity Index (ASTM D-2270)	150
API Gravity (ASTM D-1298)	36.7
